## European Association of Pharmacy Technicians

The Association's purpose and role is to provide and compare information on the professional practice and education of pharmacy technicians across Europe

The Association's objectives are to:

- ♣ Gather and disseminate information on the role and training of pharmacy technicians across Europe;
- ♣ To promote and develop the profession and the role of pharmacy technicians;
- ♣ To promote patient safety in the context of pharmacy practice;
- ♣ To promote, influence and negotiate on European policies where they relate to the profession of pharmacy technician.

The Association intends to include the following activities:

- ♣ To undertake evidence based research on the scope of practice and education of pharmacy technicians;
- ♣ To promote environmentally safe practices in pharmacy in line with the European legislation;
- ♣ To present and share pharmacy technician initiatives and education, in line with current practice;
- ♣ To promote the Continuing Professional Development of Pharmacy Technicians;
- ♣ Collaborate with other associations, in Europe and globally, with similar objectives.
